Introduction

Joy Beishon, Chief Executive

Dear Applicant,

Thank you for your interest in joining the Board of Healthwatch Greenwich. This is an exciting opportunity to be at the heart of our work in making a positive contribution to local NHS health and care services.

Healthwatch Greenwich was established in 2013 as part of a larger charity. We made the transition to an independent, non-profit organisation in April 2016. Since then, we have firmly established ourselves as the key strategic partner for patient and service user voice across the Borough.

Our Board has overall oversight and accountability for the delivery of Healthwatch Greenwich's activity and is committed to having a strong, outcome focused Healthwatch, rooted in the communities it serves.

Local people are at the heart of everything we do, and we are looking for Board members who live, or work, or use health and care services in the Royal Borough of Greenwich. If you share our passion for continuing to develop Healthwatch Greenwich as the 'consumer champion' for all publicly funded health and social care in Greenwich – join us.

You will sit on our experienced Board of knowledgeable and motivated non-executive directors who bring a diverse range of skills and experience to support and guide the organisation. We are looking to add specific skills and experience to our board with the recruitment of positions to support strategic leadership to deliver our goals. We are particularly interested in applicants with any of the following skills, knowledge, or expertise:

- marketing and communications
- community engagement
- research or evaluation
- HR, people management or coaching
- project and program management

If you share our passion for ensuring that patients and service users are heard, their experiences shared, and their voices amplified, creating change, and improving services for all – join us.

Informal enquiries are welcome; please contact Joy Beishon (CEO) at joy@healthwatchgreenwich.co.uk.

We look forward to receiving your application.

Yours sincerely,

Joy Beishon

Chief Executive Officer of Healthwatch Greenwich Ltd.

Context

Healthwatch Greenwich

The Health and Social Care Act 2012 required each local authority area to set up a Healthwatch organisation. Healthwatch gives people a powerful voice both locally and nationally. Healthwatch Greenwich works to help people get the best from their health and social care services, whether it's improving them today, or helping to shape them for tomorrow. Healthwatch Greenwich is about local voices being able to influence the delivery and design of their services.

Healthwatch Greenwich is commissioned by the Royal Borough of Greenwich to provide the following 6 key functions:

- Gather views and understand the experiences of patients and the public.
- Make people's views known.
- Promote and support the involvement of people in the commissioning and provision of local health and care services and how they are scrutinised.
- Provide advice and information (signposting) about access to services and support for making informed choices.
- Making the views and experiences of local people known to Healthwatch England (and to other local Healthwatch organisations) and providing a steer to help it carry out its role as national champion.
- Recommend investigation or special review of services via Healthwatch England or directly to the Care Quality Commission (CQC).

Vision, mission, and values

Our vision

We want a Greenwich with high quality services, consistent levels of public engagement and an excellent patient/service user experience.

To achieve our vision:

- We listen.
- We act.
- We influence.

Our mission

We are the consumer champion and voice for people who use health and social care services.

How we achieve this:

Understanding what matters most to the public, especially those least heard, by always starting with their needs and views. Influencing those who have the power to change design and delivery of services, so they better meet the needs and views of users.

Values

- Inclusive
- Influential
- Independent
- Credible
- Collaborative

How we work

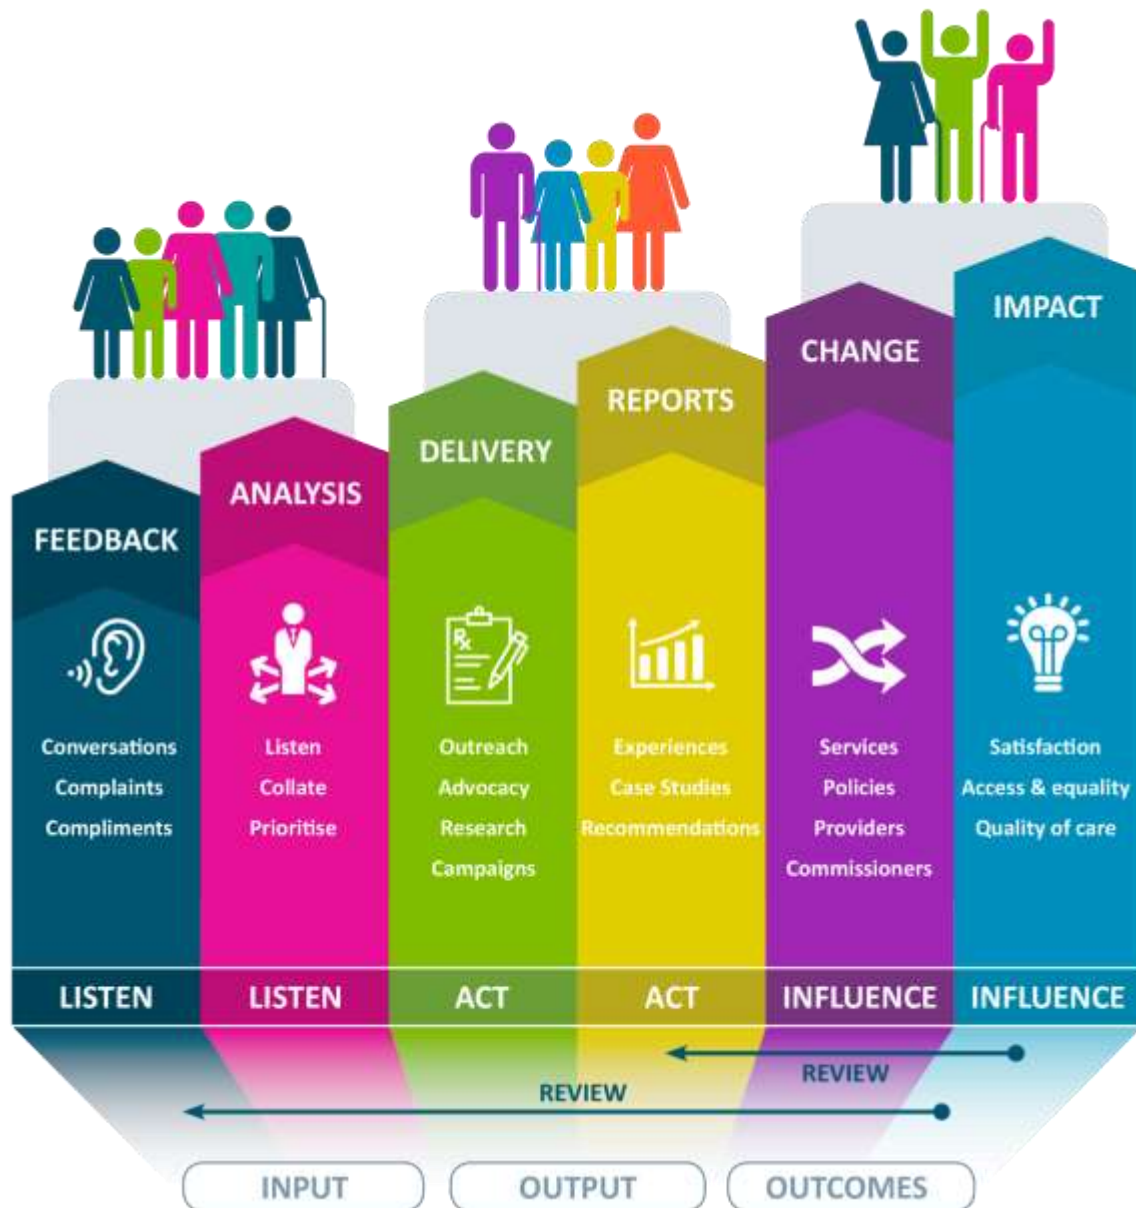

User involvement:

Healthwatch Greenwich is committed to public and patient involvement throughout health and social care services in Greenwich. We aim to involve our users in every aspect of our delivery and facilitate the voice of users in the public arena.

Independent voice:

Healthwatch Greenwich challenges services, highlights need and investigates issue raised by service users and patients.
